Assignment for unschool

1. Write a program to find the sum of three numbers.
Ans :

```c
#include<stdio.h>
#include<conio.h>
int main()
{
    float num1,num2,num3,res;
    float sum;
    printf("enter the three numbers :");
    scanf("%f %f %f", &num1,&num2,&num3);
    sum = num1 + num2 + num3;
    printf (" sum of %.2f+%.2f+%.2f\n",num1,num2,num3);
    printf ("are=%.2f\n",sum);
    return 0;
}
```
